

Beech

“Where everyone has a voice”

Beech are a class of 6 pupils ranging from Year 7 – Year 9.

We are class based in the secondary part of the school. We have organised our classroom space so we each have an individual work area, which are personal to us.

We also have a group work area and enjoy working together as a team or in pairs. We are supported by our tutor team at all times both socially and academically.

We have a broad and balanced curriculum, which supports our academic and social needs. We focus on working and socialising together, but also have opportunities to learn and progress as individuals.

Our core purpose is functional Literacy and Numeracy to help us navigate the real world, live independently, have successful adult relationships and gain employment.
