

Conkers

“Where everyone has a voice”

Conkers is a small class of students, who all have communication needs.

We are based in the main primary part of the school with our own outside learning space and immediate access to the main primary play area.

In the class we work a lot on improving the way pupils communicate. To do this we use a range of strategies and resources, which include both Makaton signing and Communicate in Print.

Within the class we encourage pupils to communicate verbally with both staff and their peers. Signing and communicate in print are used to enhance learning and communication.

Personalised learning objectives are used for all pupils and work is differentiated accordingly. The pupils enjoy weekly swimming and enrichment activities as well as having access to sensory play.

The Conkers class is a happy place to be, where children enjoy both learning and socialising together.
