

Elm

“Where everyone has a voice”

Elm are a class of 10 pupils ranging from Year 7 – Year 9.

We are class based in the secondary part of the school, where we undertake the majority of our lessons apart from Science, Food/Design Technology, Art and PE, which are taught in specialist areas.

We have access to the field and secondary playground, including the MUGA (Multi Use Games Area).

We have a broad and balanced curriculum, which supports both our academic and social needs.

We are preparing for the next stage in our education and are taught by subject specialists, who are preparing us for the qualifications that we will take when we are older.
