

# Hazel

“Where everyone has a voice”

**H**azel are a class of 9 pupils ranging from Year 3 – Year 6.

We are based in a classroom which has direct access to the primary play area and outdoor learning space, and also access to the main secondary part of the school building, so that we can use specialist areas to support our learning where appropriate (such as Science lab).

Hazel take part in weekly Enrichment lessons that allow them opportunities to try out activities like sensory, sports and games, creative activities and cooking. We also go swimming once a week.

Hazel class members work as a team. We are very sociable and enjoy interacting with each other, whether it be at playtime or during lessons. We have a great sense of humour and feel proud to be part of the Hazel team.
