

PE and Sport Premium Funding

Brackenfield School

Summary of Expenditure

Introduction

Physical Education and Sport Premium funding, also known as Olympic Legacy funding, for Physical Education and School Sport was announced by the government in March 2013. This substantial sum of £150m per year is going directly to schools. The new 'ring-fenced' funding – only to be spent on PE and sport – will go directly to schools who will decide what is best for their children's needs with the aim of improving the quality of provision in every state primary school in England. This could vary from specialist coaching for school sport and teacher training for Physical Education and Physical Literacy or to dedicated sports programmes, Change4Life sport clubs and support for after-school or weekend competitions.

Here at Brackenfield School we will be receiving around £8000 which in accordance with the guidance we will be channeling directly into developing the provision of Sport and PE throughout the school. We have developed a plan that is based around following 2 academic years until August 2016.

We have completed an initial audit around Physical Education, Physical Activity, Extra-Curricular School Sport and Intra and Inter Competition in traditional and non-traditional sports. Below is a breakdown of how the funding will be spent.
