

Yew

“Where everyone has a voice”

Yew are a class of 12 mixed age secondary pupils.

We are class based in an area of the school designated to Key Stage 4. This enables us to work and socialise with older students in an age appropriate setting.

We undertake the majority of our lessons in our class base, apart from specialist subjects (such as Science and PE).

We are taking a range of entry level qualifications to prepare us for the next stage of our education and our adult life.

We really focus on functional Literacy and Numeracy to aid us in our journey to becoming independent adults.
