

Yew & Oak

“Where everyone has a voice”

Yew is a lively class made up of 6 pupils, 1 female and 5 male.

There are 3 year 11 pupils and 4 year 10 pupils. Pupils usually show respect and care for one another, despite pupils having a variety of complex needs and having the potential to experience difficulties with one another.

Yew are an AIMS entry level 3 class, National curriculum level 1-3 and are capable of undertaking Entry Level Qualifications but require support with functional literacy and life skills.

Tutor based time is a time to share experiences outside school with other members of Yew class, discuss issues that may have arisen the previous day and be reminded of expectations for the day. Yew class make their own drinks and toast in the morning. The pupils enjoy having this time to share and respond well to staff who listen carefully and respond appropriately sharing their experiences to.

Oak are a class of 10 pupils ranging from year 10 – Year 11.

We are class based in an area of the school designated to Key Stage 4.

This enables us to work and socialise with older pupils in an age appropriate setting.

We undertake the majority of our lessons in our class base, apart from specialist subjects (such as Science and PE).

We are following an accredited qualification pathway which will involve active learning, coursework and examinations (where appropriate). This is to prepare us for the next stage of our lives as young adults going to college and on to work.
